

SEAL vs SEA LION

Do you know their differences?

sea squirts

I prefer living in **warm**, tropical waters.

Hawaiian Monk Seal

I only have earholes.

“burppp”

I make a sound like a loud burp!

We mostly live by ourselves (hence the name “monk” seal, for our solitary nature.).

I can't use my flippers to walk, instead when I'm on land I undulate like an inchworm.

6 weeks

The length of time my mother cared for me after I was born.

I bark like a dog!

I prefer living in **colder** temperatures.

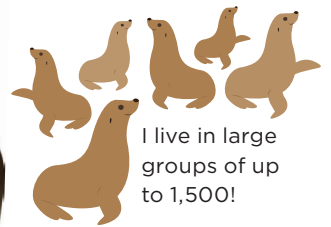

I have earflaps, just like you.

9 months

The length of time my mother cared for me after I was born.

I live in large groups of up to 1,500!

Sea Lion

I use my flippers to walk on land and swim in water.
